Preschool tuition rates are set by the Pelham School Committee. The Pelham School Committee recently voted to increase the tuition by a minimal amount. The tuition is calculated by multiplying the daily rate by the number of days per week out of a possible 180 school year days. The total is then divided by the ten, the number of months students are in the program.

There are a very limited amount of reduced tuition slots available. The reduced tuition rate was set by the Pelham School Committee to be \$2.80 per hour. Reduced tuition rates are only available to families who meet eligibility criteria.
